

Geography: Marvelous Maps

With our trip to Norfolk on the horizon, we will be exploring the range of maps available to geographers and develop our understanding of their key feature. We will also learn to use the eight compass points to give directions and give grid references to locate places on a map. By comparing maps of the same place, we will learn about the way that places have changed over time.

English

- Stories with different genres
- Argument text
- Stories using flashbacks.
- Slam poetry
- Recounts
- Journalistic Writing
- Monologues

Art

Using maps as inspiration we will be mastering our art and design skills by creating abstract pieces of art. We will also be studying the artist Ansel Adams to create our own landscape collages.

Eagles Class

Science:

Evolution and Inheritance

We will learn about how plants and animals have evolved over time. We will also study how and why plants and animals have adapted to their environment.

Electricity:

Making and testing circuits. Creating parallel circuits. Creating our own investigation question.

Maths

- Number and Place Value
- Addition and Subtraction
- Multiplication and Division
- Fractions and Decimals
- Geometry: Position and Direction
- Geometry: Shapes
- Measurement
- Ratio and Algebra
- Statistics
- Mental methods
- Written methods
- Problem Solving
- Algebra
